Easy Maintenance and Care Tips**

Do

- Do sweep or blow **dry** dirt.
- Do garden hose **wet** dirt.
- **Do keep abrasives and chemicals** such as battery acid, bleach, chlorine, gasoline, or other corrosive materials **off your surface**.
- Do **rinse any spills of corrosive or abrasive materials thoroughly with water** to avoid damaging your surface.
- Do use a natural fiber or fabric carpet or mat **underneath** furniture, grills or heavy items.
- Do be careful of long-term **standing water under weight** such as a **pool cover** on your deck. It can cause damage to your surface.
- Do use a squeegee or similar item to remove standing water.
- Do use some **Simple Green®- diluted in water** - for stains on your surface that don't wash away.
- Do use **Magica®** to remove any rust stains.

Don't

- Don't put your grill, furniture or similar heavy items on a rubber-backed mat or carpet on your surface.
- Don't allow any items that can hold water under weight to **sit on your deck**.
- Don't use a power washer or hose nozzle with a **high pressure stream**.
- Don't put furniture or items that may **rust** on your surface.

****Failure to care and maintain your surface properly may result in a service charge to repair.**
